This is an opportunity to have fellowship with other children's workers, break bread, and become equipped to serve the children well! What we do is real ministry, not fluff and time wasters. Everything we do is with evangelism and discipleship in mind! And because there is no cost to the attendees, it is a great opportunity to use this to recruit for your club. Just be sure to register in advance, because there is not unlimited seating! To help us be prepared for all who come, please register by September 1st. We cannot guarantee there will be room at the door on the day of the event.
